NOTICE TO HOMEOWNERS & BUSINESSES

Chatham Safe Routes to School Lafayette Ave & Spring Street, Chatham NJ

The Township of Chatham awarded a contract to AA Berms LLC to perform ADA Ramp upgrades which include upgrades to existing sidewalk at various locations along Lafayette Avenue from Fairview Ave to Inwood Road also on Spring Street from School Ave. to Lafayette Ave. AA Berms will be calling for utility mark outs and is expected to start work in your area on or about **June 17, 2026**. It is anticipated that work will begin on **Spring Street & School Ave** and continue south to Lafayette Avenue. Construction will take place through approximately **July 3, 2026**. Access to driveway will not be available at the time work is being done in front of your property. Please be mindful and cautious of freshly poured concrete.

During construction all roads will remain open, but there will be disruption some disruption at time. The township engineer, Mott MacDonald will work with the contractor to keep this to a minimum.

Your cooperation during construction is appreciated.
